

Meriwether's

Restaurant & Skyline Farm

"it's our farm!"

At Meriwether's, we have spent the last four years shortening the distance between field to table by operating our own 5-acre vegetable farm on our owners property at the apex of Skyline Boulevard, right here in Portland. Throughout the 2010 growing season our menu will change based on our bi-weekly harvests of fresh produce. We encourage you to try a new vegetable with each visit!
